General Information

Every month there is a process that evaluates the beneficiaries in order to assign them with the corresponding Rate Cell.

This document describes the Layout for the Files that ASES sends to the MCO as a result of this process.

The information on this document is subject to continuous revisions and modifications that will be made available to all parts involved.

Version Changes

Changes from Versión 1.2

- **General**

All file layouts now include the following columns for each Field:

- Id
- Data Format

- **File Layout**

The following fields were added:

- Start Period
- End Period
- Carrier

The Period defined by the fields “*Start Period*” and “*End Period*” may be for the full Incurred Month or for a sub period within the Incurred Month where the reported values are valid (Carrier and Rate Cell) for the MPI.
