

Do you know how to verify information received regarding COVID-19?

There are six elements among information barriers that may influence an older adult's decision of whether to accept or refuse vaccination:

- Friends and family
- Religious communities
- Social media
- Community leaders
- Healthcare professionals
- News media

Get to know some of the referenced healthcare management entities and their different websites to verify vaccine related information:

Puerto Rico Department of Health
<https://www.salud.gov.pr>

Centers for Disease Control and Prevention (CDC)
<https://www.cdc.gov/spanish>

World Health Organization (WHO)
<https://www.who.int/es>

U.S. Department of Health & Human Services (HHS)
<https://www.hhs.gov/>

Ways in which information is wrongfully spread:

Through false information, which is created or shared but not intended to cause harm..

Through information that is deliberately created to deceive, harm or manipulate a person, social group, organization or country.

With actual facts, which are used out of context to deceive, damage or manipulate.
